

These Kids Could Benefit from Some of Our Tender Loving Care.

Does Your Child Need Our Help?

Some kids need a little support in order to get through the rough spots, so they can thrive and flourish in the school environment. If your child could benefit from the services of a:

- Speech Language Pathology
- Occupational therapy
- Physical therapy
- Counseling
- Sensory Integration Program

Then We Can Help You

The Comprehensive Center for Rehabilitation provides the services you need in a warm and caring environment. We work closely with the Department of Education to ensure that your child will receive the highest standard of care available. Our team of dedicated therapists are all very talented and experienced in their respective fields. We are a community-based facility located on Manhattan's Lower East Side, and we strive to meet the needs of our clients with sensitivity, commitment, and concern.

Speech And Language Therapy

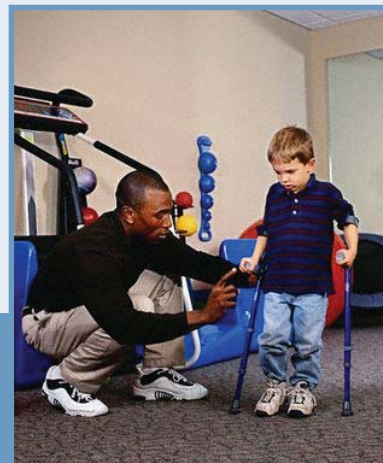

Our caring and patient speech and language therapists can restore your child's confidence and well-being. We can help children with receptive, expressive, or social/pragmatic language and oral motor skills. With dedication and determination, we can enable your child to attain age appropriate speech and language skills.

Physical Therapy

Our physical therapy program is incomparable. Our therapists promote and restore overall fitness and health through a variety of state-of-the-art techniques and age appropriate procedures. Their kind words and supportive actions leave a positive and energizing impact. Your child will see and feel the difference it makes in no time at all!

Occupational Therapy

Whether it's a matter of ergonomics, an injury, or the like, you can trust our occupational therapists to help your child overcome virtually any challenge. All of our therapists are sensitive and skilled professionals, trained in the most sophisticated and advanced techniques. Their goal is to enable your child to feel independent and empowered. They can achieve wonders.

Sensory Gym

Some children have a hard time learning basic skills. We make it easier for them. Our on-site ball pit, swings, and sensory integration gym is very unique, and offers an innovative approach to sensory therapy. Children learn to overcome sensory issues in a fun, easygoing environment, and benefit greatly from the team-centered approach that we provide. Our success rate is exceptionally high, because we commit ourselves to the satisfaction and well-being of our children and families at all times.

Department Of Education Certified

Our administrative Board works closely with the Department of Education to ensure that you receive all the appropriate services which are necessary for your child to thrive. Feel free to call our office and discuss the different options available to you including CPSEs, RSA letters and transportation reimbursements. Your child has the right to a comprehensive evaluation to determine which services he or she requires. Should it be determined that intervention is needed, we can provide these services in your home, your school, on in our state-of-the-art facility. Our services are available for children three to twenty one years of age. Remember — Your child's welfare is our primary concern. Let's work together to make sure he or she receives the best services and treatments available.
